## MINUTES OF THE GREIVANCE COMMITTEE MEETING

There were multiple meetings held to finalize the Grievances submitted by M/s Vertex Medical, M/s Mediland Pakistan and M/s Universal Enterprises that their competitor's equipment (Heart Lung Machine) has lesser battery backup. Biomedical Engineer suggested that demo may be planned to verify this point. Therefore the demo is planned on 06-04-2021. In the meantime, It has been brought to the notice of the Grievance Committee that an amended specifications of Heart Lung Machine was floated by keeping in view of Neonatal specialty on the recommendations of endusers instead of PVMS. In the light of above facts the Grievance committee, concluded that this tender may be scrapped, either may be retendered by following the original PVMS or Specialized Healthcare & Medical Education Department may be approached for the amendments regarding Neonatal Specialty.

Submitted for further necessary action please.
