

**MINUTES OF ARBITRATION COMMITTEE MEETING REGARDING LABORATORY
KITS & CHEMICALS ITEMS FOR THE YEAR 2021-2022**

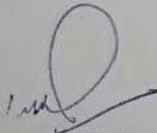

In accordance to letter No. 58746-48 dated 06-12-2021. The arbitration meeting for Framework Contract of Laboratory Kits & Chemicals Items was held on 07-12-2021. The meeting started with recitation of holy Quran.

A letter was put forwarded by M/s Mian Scientific that product quoted by M/s Gulf Marketing International does not have CE certification as per compulsory parameters of bidding document. "Annexure A"

Representation from M/s Gulf Marketing International was put forwarded in which the said firm requested arbitration regarding the above mentioned matter.

Arbitration committee called representative of the said firm and gave a fair chance to clear the point where the representative of the firm mentioned that the product complies with compulsory parameters of the bidding documents. Member of the arbitration committee told the firm representative that the product quoted has a brand name "Diagnostar" which do not have CE certification, where as CE certification was issued to "Halogen" brand which the firm did not quote. "Annexure B"

Hence the firm remained unable to produce the CE certification of the quoted product i.e. "Diagnostar" as per compulsory parameters of bidding documents that is way the product cannot be accepted.
