3.	M/s Audio Medics	<p><b>Quoted model should not more than 5 years old.</b>  M/s Audio Medics requested that M/s Cochlear is world leading brand with majority of share and installed based reference world wide as per company policy they launch their product in America after them Europe and Asia. M/s Cochlear launch their new model in USA but not for Asia. Model that they are marketing in Pakistan is seven years old in America not in Pakistan.</p>	<p>The said company participated in the formation of PVMS in health department and claims that their model complies on specifications of PVMS. In the light of PPRA rule No. 10.1 for widest possible competition. Keeping in the view of manufacturer undertaking submitted by its local supplier, the committee is of the view that the latest model on the website of the manufacturer is for America not for the Pakistan market.</p>
